Summary of Change:

On February 17, 2003, Qwest will post planned updates to its Wholesale Product Catalog that includes new/revised documentation for Pre-Ordering Overview V17.0. These will be posted to the Qwest Wholesale Document Review Site located at <http://www.qwest.com/wholesale/cmpreview/>.

The PCAT will be updated to provide documentation concerning existing processes/products not previously documented. The Implementation Section will be updated to provide information regarding how Customer Service Records (CSRs) that contain multiple Telephone Numbers (TNs) will identify which line each USOC is associated with by listing the telephone number as Field Identifier (FID) detail. Generally, CSRs that only contain one TN will not have TN FID detail following individual USOCs.

Current operational documentation for this product or business procedure is found on the Qwest Wholesale Web Site at this URL:
